

HOOVER'S NAME FOR G.O.P. VOTE.

Goes on Ballots in Primaries in Minnesota.

Lindquist's Objection not Heeded by Republicans.

Nonpartisan League Gets Into Texas Politics.

ST. PAUL, March 5.—The name of Herbert Hoover will appear on some county ballots now being prepared for the state-wide Republican primaries to be held March 15, according to reports reaching here today.

This action is taken despite declarations of Gustav Lindquist, State chairman, that Hoover's name could not appear unless he announced himself as a Republican candidate.

The Hennepin County Republican Committee announced in Minneapolis today that the ballot will contain the names of Gen. Wood, Senator Harding, Senator Johnson, Senator Ponder, and Gov. Lowden.

HOUSTON, March 5.—An official report says that a determination whether L. B. Austin, a Democratic candidate, or Charles Murphy, the Nonpartisan League nominee, was elected in the three-primaries state senatorial election in the nineteenth district yesterday. It was the first Texas election in which the Nonpartisan League had been an issue.

With a few voting boxes still unreported, the unofficial count gave Davidson a lead of 115 votes. His vote standing 1231 to Murphy's 682. In Harris county, one of the three counties comprising the senatorial district, three state representatives were elected, and in these contests the Nonpartisan League candidates were defeated.

ST. PAUL, March 5.—The Idaho Democratic State convention for selecting eight delegates to the Democratic National Convention at San Francisco will be held at Lewiston on June 15, the Democratic state central committee decided at a meeting here today. The Democratic State nominating convention to select candidates for state offices will be held at Idaho Falls on August 24, the committee voted.

ONLY 5000 ARMENIANS VICTIMS IN MASSACRE.

PARIS, March 5.—The number of Armenians who were victims in the massacre in the Marsh region of Asiatic Turkey last month does not exceed 5000, according to detailed information received by French officials. Reports from London yesterday stated the number would be between 15,000 and 25,000.

French officials admit the gravity of the incident, but say it is impossible to force and prevent the massacre as the army of occupation is set large enough to crush strong Turkish resistance at any point where the Turks are likely to engage in an uprising.

House Committee Hears View of Rank and File Men.

Enlisted Men's President in Favor of \$500 Lump Sum.

Charge of Socialist Taint is Given an Airing.

WASHINGTON, March 5.—Payment of a lump sum of \$500 to each person who served in the military or naval forces of the United States before the House Ways and Means Committee today was the subject of a hearing before the committee.

Gen. Dugan, chief of staff to Maj. Gen. Howie, commanding officer of the 21st Infantry district, said today:

"We shall give the young men a chance to explain their presence in Mexico. Col. Glover said: 'A court-martial may or may not result from this. The two men are 'under escort' pending further action by their superiors.'"

ST. PAUL, March 5.—According to Hermondo advice, appointed supreme military commander of Sonora and successor to Gen. Adolfo de la Huerta, who has been named as a candidate for the Carranza Cabinet.

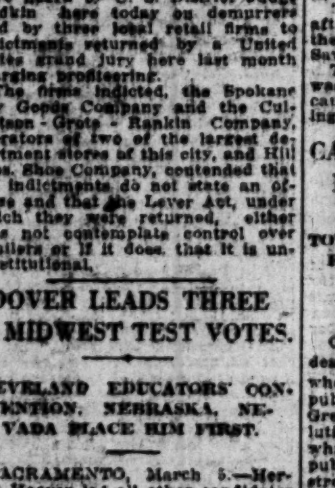

Gen. Dugan's first official act upon arrival at Hermosillo was to appoint Gen. M. Pina, commander of the Northern Arizona military zone, to the position of military governor of the district. Gen. Pina says his transfer is temporary and that he will not relinquish his command at Nogales.

ARENAS EXECUTED. MEXICO CITY, March 5.—Orlando Arellano, who was captured less than a week ago when he entered the city of Puebla, was sentenced to death by a military court yesterday morning in Puebla, according to a dispatch received here.

CLAIM WESTERN SUGAR FIRM IS PROFITEERING.

SPokane firm indicated deny constitutional of the lever act. CHICAGO, March 5.—J. A. Sprague, head of the Illinois Fair Price Committee, reported to the U. S. Senate today that the American Sugar Company, a Chicago concern, is offering beet sugar in the Chicago market at 17 cents a pound, while the market price is 18 cents.

French officials admit the gravity of the incident, but say it is impossible to force and prevent the massacre as the army of occupation is set large enough to crush strong Turkish resistance at any point where the Turks are likely to engage in an uprising.

PRIVATE TALK CAL PLUNKETT REPORT GERMAN NO RENEWAL FOR 1915 WAR LOAN

State Department Views Action with Satisfaction.

But Premier of Allies Keep America in Dark.

Change in Attitude may be Wilson's Vindication.

WASHINGTON, March 5.—In spite of the fact that the United States government has not been advised by the Allied premier that it is transpiring in this direction, the State Department today, views with satisfaction the public report that the London conference, now in session, is prepared to liberalize the terms of reparation imposed on Germany by the treaty of Versailles.

Such a change of attitude, it is declared, has been anticipated and expected in this direction, the State Department has been made to regard the fact as a vindication of its stand in the sessions of the Paris Peace Conference.

The President while at Paris was constantly urging upon Lloyd George and Clemenceau his conviction that by making terms too lenient to Germany, the Allies would make it impossible for Germany to pay her debt to the Allies and would thus bring about a condition of chaos and anarchy in Europe.

Hood of Fresno Firm Makes Inspection Trip.

Fruit will be Dried in Large Quantities, Says Expert.

Prohibition Opens New Market.

ket for Growers.

(LOCAL CORRESPONDENCE.)

FRENO, March 5.—John Stephenson, of the Fresno Dehydrating Products Company, has just returned from a trip over the State in which he visited the grape producing centers to study crop conditions and also to close contracts for drying fruit. He estimates the wine grape crop for the State as between 300,000 and 400,000 tons for this year.

"Last year," Stephenson said, about 105,000 tons were made into wine. This year the crop is

shipped East. Half of which were shipped in box cars and stock cars.

"It is possible this year they will not be able to ship except in refrigerator cars and these shipments coming at the same time as the table grape months there will be a scarcity of cars for the wine grape men. They will have to dry them or make them into raisins and ship in box car strap. A good many are going to dry them this year."

The present crop is 15 to 20 cent higher than last year's but the grape. It is more money than they ever got for them during the winter. These men are a polished set, a show like a ton of gold.

There never was a market until

The grape juice market is limited for the California product and the growers are making considerable investment and considerable technical knowledge of how to make it. I do not think there will be any surplus of the product. The bulk of the crop this year, but it will be possible to ship some good ones. One of the best of our grapes are from 1912 to 1914. A few

large, connecting for the crop are offering that.

He also announced that his firm is building some dryers toward the wine grape country, a large one at Dodi, and others at Hendersonville and also some in the Cucamonga district, principally for dried black wine grapes. The firm also expects to build several dryers in the valleys of the Zimara, Kingsburg and Clara. The others, Stephenson added, are not necessarily along to any want will be done, but he considers there will be no reason for growers to lose their grapes.

OFFICERS IN COURT.

March 4.—Former Marshal C. E. Hill and his son, J. C. W. Hill, the former, facing trial on charges of soliciting and receiving a bribe, and the son on an additional charge of perjury, will have a hearing Saturday morning.

A motion made by attorneys for the Hills, several days ago, to dismiss the indictments on the ground that the grand jury had no legal existence, that the names of the witnesses were not properly sworn, and that the indictment was defective, has been denied.

In case the motion is denied, it is held that the marshal and his men will stand mute on the ground that the grand jury had no legal authority to act.

The new grand jury convened Friday, March 12, and was expected to take up the first investigation where the case on last left off. Much interest in the bribery case is being shown in the Imperial Valley.

RECLAIMED LAND.

LOCAL COMMERCIAL
NILAND, March 5—Burglars on the U. S. Department of the Interior have been busy all the morning running lines on lands that have been reclaimed from the Salton River. Several sections have been recovered and the work is being pushed there within a short time. Evidently rights to those already lying under the land will probably be obtained by the Land Office at St. Louis. Plans of the recent survey will be on file there after April 1. It is a strange flock of nature the

due was higher during the last week than in the previous five. The rise was due to the rise from the same the previous week. This would the rise is that several half-cents are not being averaged because the price was higher in the previous week than it was two weeks ago. The instructions to the surveyors were very strict and that they were to be sure of only such sections as were fairly out of water. The survey extended from the south side of the wharf to range 115 to its northern limit is a distance of six miles.

SHIP DOGS DIRECT.
(LOCAL CORRESPONDENTS.)

REGULAR, March 3.—For the first time in the history of the city, the

bury, eggs in carlots will leave this city this week for the New York market. Local eggs for New York have been local since the war. Local eggs have gone through in Francisco shippers. The mixed colored eggs produced in this section for the eastern markets will sell at a higher price than the white eggs at the same price. The largest buyers of mixed colored eggs on the Pacific Coast are the Army and Navy Departments, and the Federal Government, and the Federal Government's egg system, which usually takes colored.

BIG BUILDING BOOM
IN HARBOR DISTRICT.

SIXTH STREET CENTER OF
ACTIVITY—OTHER NEWS
NOTES.

[LOCAL CORRESPONDENCE.]

LOS ANGELES HARBOR, March 5.—The building boom in the harbor district has spread to the business district on a large scale and plans are now ready for three or four large buildings for theaters, stores and offices, principally on Sixth street.

The most important project now under way, and for which building permits will be issued within a few days, are a five-story brick bank and office building for Sixth and Palms streets for the First National Bank of San Pedro, to cost \$200,000.

Grading was completed yesterday on the site of the \$225,000 theater building to be erected at Sixth and Center streets for F. O. Adler. The theater will seat 1500 persons. Ed Mayer is planning the erection of a two-story office building adjoining the proposed First National Bank building.

Plans have been prepared for an \$80,000 hospital building for Tenth and Myler streets near the Harbor Hospital building. Plans are also being drawn for the newly incorporated California Barium & Chemical Company's furnace and smelter at Wilmington. The company is capitalized at \$250,000.

Announcement was made today by Admiral Hugh Rodman, commander-in-chief of the Pacific Fleet, that men who enlisted in the navy between August 29, 1916, and March 3, 1917, for four years' service in the navy, may now secure their discharge ahead of time without cost.

This is being done on account of the men who enlisted during the war receiving their discharge soon

INSTRUCTS JURY
TO INVESTIGATE.

Judge Swing of El Centro
Delivers Lengthy Charge.

Cites Charges Against Highway Commissioners.

Takes up Misconduct of Other Public Officials.

[EXCLUSIVE DISPATCH.]

EL CENTRO, March 5.—Judge Phil D. Swing today, in reading his instructions to the new grand jury, said: "I would be negligent in my duty if I failed to draw your attention to the charges against the County Highway Commission."

"What has been written and said about the commission amounts to common scandal. If even a considerable portion of these charges are true the men are unfit to hold public office. If untrue, the commission should have a vindication at your hands."

The new grand jury, which is expected to continue the vice investigation, as well as act on the suggestions of Judge Swing, was impaneled this morning. A. H. Keller, vice-president of the First National Bank, is foreman. Three women, the first to serve on an Imperial county grand jury, were selected. Mrs. Leroy Holt, wife of the president of the First National Bank, in El Centro; Mrs. Ada Jones, wife of the railroad station agent at Calistoga; and Mrs. Bridenstine, wife of a prominent Holtville rancher and mother of one of the three Imperial county boys decorated for distinguished service in the war.

Judge Swing's instructions contained a "kick" in every paragraph, according to courthouse attaches. One paragraph instructs the foreman of the grand jury to ask all grand jurors before evidence is taken in a case if any present have any prejudices in the matter before them. This paragraph is said to have been inserted because of a motion now before Judge Franklin J. Cole to quash indictments against former Chief of Police C. E. Hill and his son, E. A. Hill, on the grounds that the former grand jury foreman failed to do this.

Another paragraph refers to vice and, although the judge states that the jury is not called for the purpose of making a special vice investigation, yet it is the duty of all members of the grand jury to look into these things. The matter of a new courthouse also received attention and Judge Swing recommends that this be thoroughly looked into.

Salaries of public officials are the subject of one section of the judge's charge and in this matter Judge Swing recommends that salaries be granted, as it is a common fact that the cost of living has been increased. However, in view of the fact that it will be a year until the Legislature can grant such increases, the grand jury is given ample time to look into this question.

One paragraph refers to the law in that any county official is not permitted to become a party to a contract selling the county materials in which he has a private interest. The attention of the grand jury is drawn to this fact.

Another paragraph refers to the amount of expenditures permitted the Board of Supervisors by law. The instructions go into detail as to the methods by which the grand jury may accomplish results.

HALT IMPROVEMENT.

High Price of Labor Forces Bids Above Limit.

[LOCAL CORRESPONDENCE.]

SANTA MONICA, March 5.—The school board met last night to receive contract bids for the construction of the Greek Theater for which Santa Monica citizens voted \$30,000 in bonds at a recent election. All the bids were rejected as the lowest among them was for \$45,000. Superintendent of Schools H. M. Rebok declares that the matter will be deferred, but that the open-air theater, which is to be a memorial to Santa Monica's soldiers, sailors and marines of the World War, is a certainty.

The school board stated that the expense of building the theater has risen 50 per cent. in the last year. The architects bidding for the building contract last night declared that they were basing their increased charge on the fact that workmen are demanding \$12 a day for much work involved in the construction.

CATHOLIC CHURCH
HITS OULJA BOARD.

POMONA PRIEST SAYS IT IS NOT A PROPER FASTIME FOR LENT.

[LOCAL CORRESPONDENCE.]

POMONA, March 5.—The oulja board devotees should at least abstain from such doings during Lent, was the dictum today to the parishioners of the Rev. Father J. J. Sheehy, priest of St. Joseph's Catholic Church of this city. Father Sheehy declared that, although his church banned all dabbling in spiritism and similar occult attempts to pry into the hereafter, he did not deem the nefarious oulja board worthy of ecclesiastical ban.

The oulja board, according to the local priest, is harmless unless misguided individuals are foolish enough to believe in it. He did not think that any of his parishioners had been deluded into pinning their faith on a piece of board with letters and figures on it.

Father Sheehy's remarks were called forth by the telegraphic report from New York City that table tipplings, oulja board demonstrations and other spiritistic séances are forbidden to Catholics, according to the pronouncement of the Rev. James McLean of the Church of St. Peter in that city. The latter had supported the denunciation of these attempts to pry into the hereafter.

Rev. Alex. Gunzen in a recent sermon in the same church, in which he attacked spiritism and devil worship in the same category.

REDLANDS TO HOLD
TWO BOND ELECTIONS.

[LOCAL CORRESPONDENCE.]

REDLANDS, March 5.—Redlands is to be called on to vote in two bond elections in the near future. The school trustees today issued a call for an election on March 26 to vote \$125,000, to be used in building an intermediate school building here. It is to have ten classrooms and three other rooms and all equipment.

The people are also asked to vote bonds in the sum of \$150,000 to buy and equip property for a hospital. It is planned to build a new building to accommodate about fifty beds all in rooms, no wards. The City Trustees have not decided when the call will be issued.

HURL HOT CHARGES
AT INDIAN AGENTS.

RED MEN CLOSE CONVENTION AT RIVERSIDE AFTER WEEK'S SESSION.

[LOCAL CORRESPONDENCE.]

RIVERSIDE, March 5.—After adopting resolutions declaring that the facts concerning the "injustices and brutality" of Indian agents would, if recounted, "make a stone image blush with shame," the Indians who attended the conference of the Mission Indian Federation here this week, today sought out the trails that lead to their respective reservations.

The conference chose for a slogan, "Human Rights and Home Rule," and before adjournment elected new officers to replace those chosen before the bolt of the young Indians from the organization at the conference held here a month ago. Julio Norte of the Morongo Reservation was re-elected president and Jonathan Tibbet, on whose

grounds the meetings were held, was elected white counselor.

Much of the time of the conference was devoted to a discussion of the arrest of Joe Pete, a Torres Indian, who is one of the officers of the federation, and whose sentence to thirty days in jail on charges which the Indians do not seem to understand, has caused much feeling. This is indicated in the concluding "therefore" of the resolutions, which "demand the abolition of the Indian agency system and the substitution of home rule."

GLOVER TO RETIRE.

County Official to Quit after Long Years of Service.

[LOCAL CORRESPONDENCE.]

REDLANDS, March 5.—J. B. Glover, who recently celebrated the fiftieth anniversary of his coming to Redlands and who for twenty-four years has been a Supervisor of this county, has definitely announced his retirement. With the announcement comes a sigh of relief from candidates who knew from

past experience what a difficult man they had to beat were Mr. Glover in the field.

He says that he is old now and entitled to spend the rest of his days quietly. His family is also opposed to his running for office again.

Mayor A. E. Brock and Matt Easton, both of this city, are candidates for the office.

YOUNG RANCHER DIES.

CHINO, March 5.—Elton W. Stewart, 35 years of age, well-known rancher, who was taken ill while attending the State tractor school at Riverside and was brought to the home of his parents, Mr. and Mrs. R. J. Stewart, 250 East Piedmont street, Pomona, last Friday, succumbed to pneumonia at 10 o'clock this morning.

Stewart was unmarried and has been a resident of Chino for twenty-five years. He is survived by his parents and a sister, Mrs. J. S. McCellan of La Verne.

Funeral services will be held tomorrow from the First Baptist Church of Pomona. Dr. J. Harvey Deere, the pastor, officiating.

Plum Germ Makes Appearance at Angel Camp.

Reason not to Interfere with Baseball Work.

BY HARRY A. WILLIAMS.

There were notes of mingled joy and sadness in the sported baseball camps yesterday.

At Washington Park, where the Tigers are training, Red Hodge moved his tale of chewing tobacco out of the clubhouse, preparatory to shipping it to Sacramento.

Many of the large lump of consolation being exported to the Angels, which, however, gave way to gladness of praise in the afternoon, when the kid pitchers, Lanfear and Moffitt, triumphed over the regulars in a game between the Regulars and Irregulars.

BY PROXY.

Over in Pasadena a telegram was received stating that the fine weather in Pasadena was being enjoyed in Chicago by proxy. That is, the weather is so good out here when Turner Barber got to thinking about it he thawed out clear back in Chicago. This shows the power of mind over Chicago weather never before thought possible.

Mr. Barber is an outfielder who has been holding out in the bitter cold. As he hit .313 in more than ninety games last season, Manager Mitchell was considerably excited when he received this favorable news from the rear. However, partly nullifying the effect of these glad tidings was the springing into life of a dormant stone bruise on Charley Hollocher's left mitt.

HAD STONE BRUISE.

Charley thought that the stone bruise had died during the winter, but three days of warm spring weather caused it to bloom and bluish again. The bruise is not visible to the naked eye, and neither can it be detected by the X-ray. In fact, the doctors have tried everything except a grand jury probe without locating the bruise.

Chief Gandil after casually inspecting the ailing mitt offered him his expert opinion that the bruise had receded and formed a core in the center of the hand. Not until they had located the core, and he had a hand like an apple. Should Charley, as a result of his coming visit to Catalina, get the South Sea Island habit, and eventually fall prey to cannibals, it can be truthfully said there would be nothing left of him except the core.

GET FLU GERM.

As far as the Angels are concerned our worst fears have been realized. The flu germ has penetrated the inner line of defense. The advance guard of the germ arrived in Elsinore yesterday, and at a late

IN CUP DRAW U. S. GETS SOUTH AFRICA.

SYDNEY (N.S.W.) March 5.—The draw for the Davis cup tennis championship has the United States meeting South Africa in the first round. Holland has been added to the list of challengers and will meet Great Britain in the first round.

hour last night were bringing up reinforcements. The main body of germs is expected to arrive about 3 p.m. and what comes of not killing off all the germs up here before leaving.

When orders were given for the athletes to strain out the germs by sneezing through their fingers, and after expectorating to jump on the germs, the idea was to keep them from spreading as far south as Elsinore. Fears were felt that the putrid material had failed when Bobby Meusel allowed a germ to escape between his thumb and forefinger. The germ, however, rallied a large force and trailed the Angels to Elsinore, it is believed.

BUSTS UP POKER.

But the invasion won't interfere with the progress of the Angels. Mayor Bunham has issued a proclamation forbidding indoor gatherings of more than five persons for exercise in the open. This busts up the stud poker parties, but permits the Angels to practice unrestrained. The city fathers are only concerned when inhaled indoors, where it can blithely hop from one person to another. ALL OF 'EM O.K.

All the players were themselves well, last night, and there was to be no occasion for mothers of rookies to worry.

Red didn't exactly get in the neck, but he was given permission to better himself, if possible. The doctor is a little wary of the same thing. He didn't figure there was an opening for him on the Vernon club, but he was allowed to open diplomatic relations with Sacramento. His contract expired at the end of the season, and he was to be displaced with it. But the postman who delivered it said that the contract was a little more than a year old. He said that admiring friends of Mr. Hodge in Kentucky sent him a letter of introduction, and he was to be displaced with it. But the postman who delivered it said that the contract was a little more than a year old.

MAJORS MAY STAGE AIRPLANE BATTLE.

QUITE A NICK.

Quite a nick seems to have been placed in the Tiger twirling staff. Byron Houck, Joe Dawson and Joe Finerman are regarded by Bill Easick as lost. Houck seems sincere in his desire to retire. He has a good position in the outfield, and he is a good player. Dawson is a good player, and he is a good player. Finerman is a good player, and he is a good player.

PREP BASEBALL GETS UNDER WAY.

WHITTIER, March 5.—The opening baseball game for Whittier in the High School League season will be pulled off at Albion Field tomorrow afternoon with the San Diego High School. Little is known as to the actual or relative merits of the two teams, but the game is expected to be a close one.

COACH HARGISS HANDS IN HIS RESIGNATION.

BY A. P. NIGHT WIRE.

CHICAGO, March 5.—H. W. Hargiss, head athletic coach at Oregon Agricultural College, has placed his resignation in the hands of college officials. It was learned today that no action on the resignation has been taken. It is understood that Hargiss has offers from several educational institutions, including Stanford University, Cal. and Kansas State Teachers College.

PAGE EDDIE SCOTT.

There is a letter in The Times sporting department for Eddie Scott, known as the Indian first baseman.

COMISKEY ON WAY WEST.

CHICAGO, March 5.—Owner Charley Comiskey of the White Sox left for California tonight on a hold-out hunt.

While it was announced the Old Roman was dodging Chicago's cold weather, it is certain he won't pass up the opportunity to make conversation with "Chick" Gandil and Charley Hargiss.

HAS A WAY.

"Commy" has a way with his ball players that quickly brings them to terms, and it is believed that after he has had a few words with both athletes they will start for Waco.

It is evident that Gandil's case is serious and that Comiskey thinks it demands his personal attention. According to word from Pasadena, Gandil is visiting the Cubs and announcing that he is through. He is expected to be with the Cubs for a difference of about \$1000.

BILLIARD WIN FOR E. T. APPLEBY.

BOSTON, March 5.—Edgar T. Appleby of New York defeated his brother, Francis S. Appleby, today, in a match of the national amateur class A 18.3 balkline billiards tournament at the Boston Athletic Association. The score was 100 to 224 in forty innings. The winner's average was 7.5 and his high runs were 42, 25 and 27. The loser averaged 5.3-5, with high runs of 46, 24 and 225.

CONVICT FEUD HALTS COURT PROCEEDINGS.

QUESTION OF GUILTY STARTS BATTLE; ONE NOT ABLE TO HEAR SENTENCE.

Proceedings in Judge Willis's court were interrupted yesterday when J. W. Truitt, convicted of robbery,

and V. H. Babbitt, who had pleaded guilty to joy-riding, mixed in a fight on the "bridge" between the County Jail and the Hall of Justice.

Truitt, according to other prisoners who saw the fight, won the first and only round. As a result, Babbitt, who was to appear before Judge Willis for sentence, was unable to be in court and his case was continued until Tuesday.

Truitt was sentenced to San Quentin for from one year to life for robbing T. E. Sherman, owner of a drug store at Avenue 43 and Pasadena avenue, from whom he got \$11.

The fight was precipitated by information Truitt said he had received, that Babbitt had confessed to this robbery. Truitt said that if such was the case, Babbitt should be taken in court. Babbitt denied that he had ever made such a statement and hostilities ensued.

PUGILIST IS BURGLAR.
Harold Cohn Admits Identity and Is Held Pending Probation Plea.

Judge Willis looked Jack Brown, as he called himself, in the eye for two minutes yesterday while the defendant decided whether he would admit that was not his true name.

"You know I am a sort of mind reader," remarked the judge, as he glanced at a slip of paper on which was written the defendant's record.

Then the defendant admitted that his true name in Harold Cohn, a four-round pugilist. He said he had started in boxing at \$3.50 a fight and worked up until he got \$45 a fight. He had pleaded guilty to burglary.

His case was continued until Tuesday for hearing on an application for probation.

CENTRAL W.C.T.U. ELECTIONS.
Mrs. Eliza Upham was elected president of the Central W.C.T.U., one of the first branches of the organization to be established in the State, at the annual election yesterday in Temperance Temple.

Other officers elected are Mrs. E. O. Patterson, first vice-president; Mrs. Ada E. Hand of Claremont, second vice-president; Mrs. Henrietta Vrooman, corresponding secretary; Mrs. E. S. Dayton, recording secretary, and Miss L. Sampson, treasurer.

Reports of the various committees and superintendents were read and the usual yearly business transacted.

EX-OFFICER CLEARED.
Calvin J. Armstrong, at one time an officer in the army, who was arrested several days ago and charged with burglary, after a quantity of stolen clothing was discovered in his rooms, has been released from custody and cleared by the police of any connection with any crime.

According to the story told the police by Armstrong, and which under investigation proved to be true, the stolen articles were left in his room by a stranger who he befriended and allowed to sleep in his quarters.

ACTRESS SUES.
Ruth Storer, known as Babe Lon-

on on the moving-picture stage, filed suit against Mrs. S. T. Edmonds yesterday, asking \$5000 damages in an alleged rent-profiteering case.

The claimed the rent was raised from \$30 to \$45 a month and that when she moved out, she did not get her trunk without an argument with Mrs. Edmonds. The latter is charged with a desire to profiteer.

PAVING COST TO CITY.
Acting City Engineer Stewart sent to the Board of Public Service Commissioners yesterday a notification of the proposed paving of Compton avenue, from Thirty-eighth street to

Stinson avenue, with the statement that the approximate cost of the assessment against the property owned by the water department at Stinson avenue will be \$2000. He asked whether the board will be willing to meet the assessment. The matter referred to the Finance Committee.

EXONERATE DIRECTOR LOTT

Following is the text of the resolutions unanimously passed by the Playground Commission exonerating D. W. Lott:

Los Angeles, March 4, 1920.
Whereas, charges of a very serious nature have been made against Mr. D. W. Lott, the director of Arroyo Seco Playground, by W. M. Blossom, M. J. Holsh, Charles W. Cram and R. G. Spooner, members of an organization calling itself the Arroyo Seco Rifle and Athletic Club; and

Whereas, at hearings before the Playground Commission on February 18, 1920, and February 26, 1920, respectively, these charges were not only not substantiated, but were found to be frivolous and malicious and not founded on facts; and were found to be prompted by personal animus against Mr. Lott because of necessary ac-

tions taken by him to protect the interests of the playground; and Whereas, it was proven at the said hearings that Mr. Lott's character was beyond reproach:

Now, therefore, be it resolved, by the Playground Commission of Los Angeles that said charges be dismissed and Mr. Lott be absolutely exonerated from the charges made; and that he be commended for his conduct upon the playground and in this matter, and by upholding the high standard of the Playground Commission; and

Be it further resolved, that a copy of this resolution be sent to Mr. Lott, the City Council, Civil Service Commission, the Mayor, the High-land Park Chamber of Commerce and each of the daily papers.

JUDGE BLOCKS MOVE TO SET GIRL FREE.
BECAUSE OF POOR PHYSICAL CONDITION, SHE IS TO STAY IN THE HOSPITAL.

Until Monday when Judge Willis will hear the application of Dorothy Schlosier for a writ of habeas corpus, she will remain in the Juvenile Hall hospital. Presiding Judge Willis yesterday issued a writ of habeas corpus presented by W. I. Kendrick, Sr., and released her on her own recognizance.

Atty. Hendrick, her counsel, was also fined. He said he had advised her not to answer the questions, on the ground that she might incriminate herself. He obtained his own release on a writ of habeas corpus.

Joe Harrington, accused of a statutory offense against Miss Schlosier, was released yesterday by Justice Brown on his own recognizance and the case was ordered off the court calendar, to be reset on motion of the District Attorney, because Miss Schlosier refused to testify against Harrington.

own jurisdiction, explaining that she is in a bad physical condition. The order of Judge Willis, therefore, applied only to Justice Brown's court, where she was fined \$100, to be paid by serving in jail, for refusal to answer the questions of the District Attorney in the case of Joe Harrington, charged with contributing to her delinquency.

Atty. Hendrick, her counsel, was also fined. He said he had advised her not to answer the questions, on the ground that she might incriminate herself. He obtained his own release on a writ of habeas corpus.

LEAVES SUM FOR CHRISTMAS TREE.

Local German Bequeaths It to Village to Hold Annual Yuletide Festival.

Louis Wagner, who died at Naumburg, Nassau, Germany, on November 1, 1918, leaving an estate of \$15,000 in California, bequeathed 2500 marks to that village for the annual erection in its church of a Christmas tree. The will provides that the gift on the tree be taken from it on January 2 and distributed to the children. The residue of the estate goes to relatives in Germany. It includes \$2848.54 cash in the hands of the Allen Property Custodian.

Recovery of a diamond bracelet valued at \$300 from Mrs. H. R. Bishop, wealthy society woman of Santa Monica, is sought in a suit filed yesterday by Mrs. Lena A. Clark who says that the bracelet is her property and that she prices it highly for sentimental reasons.

The bracelet, it is said, was turned over as a pledge by Mrs. Edna O. King, Mrs. Clark's daughter, to secure an alleged debt contracted by her former husband, Cliff A. E. King.

REPORT ON RENTALS.
City Attorney Burns yesterday filed for presentation to the City Council Monday morning a report in response to requests that he estimate legislation that could be adopted to curtail the excessive rents for dwellings.

"The only power possessed by the city," says the City Attorney, "to regulate the price which may be charged the public is the power to regulate the rate of public utilities, and this power no longer exists in California, it having been by the State constitution taken away from the cities and voted to the State Railroad Commission. Moreover, the renting of houses, flats or apartments is not a public utility, nor could the city by any action of its legislative body make it such."

After going into the legal phases of the subject, the City Attorney says: "My conclusion is, therefore, that the city of Los Angeles has not the power to regulate or control the amount that the owner of property may charge as rent for its use."

HIT BY AUTO, MAY DIE.
School Teacher Reported Driver of Car that Struck Child.

Struck down by an automobile, said to have been driven by Miss Elizabeth Harris, a school teacher living in Downey, while he was playing in the street near Jefferson street and Central avenue late yesterday, Samuel Willis, 7 years of age, of 821 East Thirty-third street was probably fatally injured. The child was taken to the Receiving Hospital and treated for a fracture of the skull, internal injuries and deep lacerations about the head. The police say the accident was unavoidable.

After going into the legal phases of the subject, the City Attorney says: "My conclusion is, therefore, that the city of Los Angeles has not the power to regulate or control the amount that the owner of property may charge as rent for its use."

WILSHIRE WILL FIGHT ON.

A jury was selected and the taking of testimony began in the Wilshire will contest before Judge Rives of the Probate Court yesterday. The jury includes Charles B. Lane, C. S. Seaman, Mrs. Maggie E. Lemon, Mrs. E. H. Cooper, Mrs. E. M. Anderson, Albert Beaulieu, Edgar P. Brewer, D. G. Alter, William F. Sawyer, Miss Ruth C. Cooper, Mrs. Josephine Yount and Mrs. Mary S. Taylor.

The evidence will show that the mother of Gaylord Wilshire, the co-tenant, died in 1862, and that his father, George P. Wilshire, remarried, his second wife being Susan Emerson Wilshire, Gaylord Wilshire was then 6 years old, and made his home with his father and step-

mother. His father died in 1889. Mrs. Wilshire executed her second will May 22, 1917, and after a number of legacies to relatives, but none to Gaylord Wilshire, gave the residue under the control of the Y.M.C.A. for the suppression of immorality among soldiers and sailors.

Mrs. Wilshire gave \$45,000 to her sister, Mrs. C. C. Carpenter, and \$5000 each to Mrs. Carpenter's children, Mrs. Hugh Walker, Mrs. Susan Jordan, Mrs. Nave and Clarence Carpenter.

The death of her son, Nat Wilshire, a stroke of paralysis and other matters are asserted to have mentally affected Mrs. Wilshire, so that at the time she executed her will, six months after the stroke, she was not competent. This is denied by the legatees named in the will.

Proximo Club Hears Former
New Mexico Food Boss.

Speaker Says ex-Chief has
Heart Like Lincoln's.

A sharp contrast between the poise and sanity of Herbert Hoover on the League of Nations was drawn by Ralph C. Ely, formerly Food Administrator for New Mexico, speaking yesterday before fifty members of the Proximo Club at a luncheon in the Broadway Department Store Cafe.

Mr. Ely said the people of the United States can do one of three things with the peace treaty and the covenant of the League of Nations. They can endorse it as it was written,

OPENS WAY FOR

Council Refuses Demand for
Refund of Sum Paid as
Business License.

The City Council's action yesterday in denying the petition of Earle C. Anthony for the refund of more than \$600 paid under protest for a license under the business license tax ordinance, recently put into effect, may precipitate a legal fight on the constitutionality of this municipal law. In his appeal to the Council, Mr. Anthony was represented by the law firm of O'Melveny, Milliken and Thomas, and the refund was demanded on the ground that the ordinance is unconstitutional.

ten, which is Mr. Wilson's way, they can reject it in toto, which is Hiram Johnson's way, or they can adopt it with modifications and proper reservations, which is Mr. Hoover's sane and sensible way," said Mr. Ely.

The speaker declared that Mr. Hoover, although he had been a food administrator instead of a food dictator, had managed to stay on the job longer and with better effect than the more nearly absolute food controllers of both the Allied and the enemy countries. "And yet this man, who, during the great struggle, gave us an evidence of his power, intelligence and broad sympathies," said Mr. Ely, "this man who enlisted 15,000 of American women as home defenders, who persuaded practically every American merchant to do his duty in regard to the handling of food products, who knew the psychology of America better than any other man in the nation—this is the man who is slandered by his enemies as being 'too much of a Briton to be President.'"

The speaker compared Mr. Hoover, as an economist, to James G. Blaine and Alexander Hamilton and said that in human sympathy he is more like Abraham Lincoln than any man who has lived in America since the day of the Emancipator. Mr. Ely said that the reason the price of sugar is so high today is not because there is not as much sugar in the country as there ever was, but because there is less genius in Washington.

SEEK DEMOCRATIC
PLEDGE FOR HOOVER.

NORTHERNERS HERE WORKING
FOR FOOD ADMINISTRATOR
AS PRESIDENT.

Although the action of the Democratic leaders south of the Tehachapi, who met in Los Angeles last Tuesday, was in favor of securing an uninstructed delegation to the Democratic National Convention at San Francisco, on the ground that this State is the convention host, and it would be more tactful to send a delegation, the Democrats of the North are no so minded.

This is indicated by the fact that during the day W. W. Bedford, Sidney Van Wyck and Judge McCraney of San Francisco, have been heard of elsewhere in Southern California, trying to arrange for delegations pledged for Herbert Hoover as the Democratic candidate for President.

This afternoon at 2 p.m. there will be a meeting of the entire Democratic State Central Committee at the Palace Hotel in San Francisco, and the subject of an undeclared delegation from California will be one of the principal matters to be considered.

The delegation that left Los Angeles last night for this meeting will strongly advocate an undeclared delegation, on the ground above.

In this delegation are F. Ray Groves, secretary of the State Central Committee; Francis J. Heney, Olin, Wellborn, Jr., Irving J. Munn, W. D. Spalding, Lorin A. Handley, Miss Mary Foy, Mrs. H. H. Koon, Mrs. Force Parker, J. E. Brown, Pasadena; Charles B. Brown, Redlands; Richard C. Gunning, San Diego, and Charles Donlan, Oxnard.

JUDGE HALTS SALE.

Valuable Madera County Land
Involved by Jurist's Action.

U. S. District Judge Trippet yesterday issued a temporary restraining order, returnable March 8, that had the effect of halting the sale of a large tract of land located in Madera county, said to be worth \$700,000, that was to have been auctioned off today to pay a debt of \$16,622.10. The injunction is directed against the Sheriff of Madera county, who was to conduct the sale, and J. J. Pearson, who had the judgment against the Daniel Hayes Company, land dealers, of Los Angeles.

The action of the court ends another chapter in a bankruptcy action started a few days ago. John T. Fry, the Chicago Title and Trust Company and the Chicago Telephone Company as creditors, petitioned the court to declare the Hayes company insolvent. The Central Trust Company of Chicago had been appointed receiver of the eastern interests, and the petitioners now ask that a receiver be appointed to handle the 15,000 acres of land owned by the concern in California. It is declared that the sale for the benefit of Pearson was intended to deprive other creditors of their due.

Y.W.C.A. LEADER HERE.

Miss Harriet Wilde, a secretary of the Y.W.C.A. national board, representing the department of physical culture, is in Los Angeles for a few days, including this city on a transcontinental tour of visits to the larger Y.W.C.A. centers. Yesterday morning at the local association building met the physical directors of the city and in the evening she was entertained at dinner at the Y.W.C.A. This noon she will be the luncheon guest of the committee of the physical department and other association members.

TO SELL CITY LAND.

A decision was reached at the meeting of the Board of Public Safety Commissioners yesterday to offer for sale all the excess lands held by the city in the Providencia and Scott tract, and also the city-owned land surrounding the compensation tank on Western avenue.

ROBBERY

Front Page of the "Weakly Squeak"

PASADENA HIGH SCHOOL has recovered from its "Weakly Squeak." Yesterday three students, Laurence Stoker, Wynn Smith and Hackett Slicker, recently suspended and the objects of a threatened sympathetic strike by the student body, were back at their studies after having apologized to Supt. West, the members of the school board and other school officials for perpetrating a one-shot "newspaper" strike in the annual yearbook.

"The Weakly Squeak" appeared on the campus late last month. The three students who got it out promptly disappeared. They left by official request, on the ground that the "Squeak" contained the names of faculty members, thinly disguised, and that it carried improprieties. Immediately, 150 boys called a strike for 9 a.m. February 25 and the walkout was averted only by convincing everybody that the "Squeak" was a mistake.

By its own announcement, "The Weakly Squeak" was published at the risk of all concerned, as "the paper that dares" devoted to "anything but the truth."

On yellow paper it displayed the picture of a Police girl carried to the 10th degree, flaring in the case of the loss of a pair of pink garters.

"It is the firm belief of the T.C.R.O. officers who are investigating the case," said the "Squeak," "that the thief sought the supporters as a souvenir."

Other news items have to do with a student "shimmy shake" in Chinatown, the organization of the "military trust cadet corps" and the "murder" of the ultra-awm de luxe of the school.

The spy sheet was "published at the risk of all concerned, as Pasadena, a year by the members of the Swiss Navy."

It advocated piping claret and Burgundy, the distribution of various sorts of cigarettes to the boys and a perfumed kiss to the girls, and the conducting of classes on the lawn, where the students "may watch the fire engines go by and enjoy the weather."

This ill-fated yellow journal was well filled with genuine advertising.

PLAN TO PRODUCE
PASSION PLAY HERE.

FORMER PASTOR OF BIG CANADIAN CHURCH SAYS THE PROJECT IS FEASIBLE.

An effort is being made by citizens of Los Angeles to raise funds sufficient to produce "The Passion Play" in Southern California, according to Dr. J. M. Wilkinson, Dr. Wilkinson, who formerly was at the head of the largest inter-denominational church in Canada, said yesterday: "On my first visit to Europe I was profoundly impressed with the production of the 'Passion Play' and its holy presentation and hoped I would live to see the day when it would be reproduced in America. I thought that if the peasants of the little village under the Bavarian hills could, with such an undertaking, what a bigger, better, more intelligent interpretation of the supreme drama of the ages could be made in Florida or in Southern California."

"My second visit was made with this object in view. I have slides from the official negatives taken during rehearsals and was personally acquainted with the principal actors and actresses of the play. The tragedy to be produced here will not be the 'Passion Play' of Germany, but of Christian America, a magnificent production that will attract the attention of the world and bring to the Southland, annually, thousands of people."

Asked concerning the proper people to represent the leading characters, Dr. Wilkinson said that there will be no difficulty in securing the right men and women to live and act the parts they will portray. "They will not need to be employed at other occupations to maintain themselves as the receipts will be more than sufficient to provide them a comfortable living, thus allowing them to devote their entire time and thought to their sacred work," said Dr. Wilkinson.

SILVER STOLEN.

Burglars who broke out a rear window in the residence of Isaac Pelton at 901 Iola street, late yesterday afternoon, escaped with solid silverware valued at about \$500. According to the police a large amount of jewelry and clothing was overlooked by the thieves.

Buttonlath

—A Perfect Bond for Plaster—
Fire Resistant—Prevents Plaster Cracks

When the City of Los Angeles expended millions for their new L. A. High School, the lathing question was given more than ordinary attention.

Under keen competition Buttonlath (interior grade) was selected and used throughout this beautiful structure.

In all types of structures where the best construction consistent with lowest costs is demanded, builders and contractors invariably specify Buttonlath.

Fireproof, a perfect plaster base, sound deadener, impervious to heat or cold—Buttonlath is the ideal lathing material. Imitated, but never equaled.

When you build, specify Buttonlath.
